

I would like to personally welcome you to the wonderful and dynamic PTA that helps to improve the education and lives of our children.

My previous volunteer service in the Somers Community includes soccer coach, Boy Scout Leader, Girl Scout assistant leader, and a few roles within PTA. I am pleased and proud to serve the Somers community in this role.

There has never been a better time to support PTA than right now.

In Somers we have five separate PTAs, including one for each school building and SEPTA, which focuses on the special needs of gifted and special education students and their families.

Please provide support and membership to all of the PTAs. Your small contribution gets pushed back into the community by more than 250 highly motivated volunteers.

Each week I am humbled by the outstanding time, effort, thoughtfulness, and energy that is provided by the PTA in so many ways.

My role at PTA is to help coordinate the communication and activities among the PTA units, the school administration, and the community.

If you feel that I can be helpful in any way, or if you just need a little guidance to get or stay more involved for the benefit of your children, please feel free to reach out to me personally. I will do my best to help guide things in the best way possible.

Thank you for your support,

Lex Kessler
Somers PTA Council President
